

«When we would fetch at the old well, it would take us about one hour. The water we got from the well was usually dirty and often made us sick. Now everything is better, I can fill my jerrycan in 20sec and the water is clean! I can go to school because I am healthier and my mother no longer has to take us to the health centre so often I finally have time to play and study and I get better grades at school, I want to thank FHI!»

Anitha, 12 years old, lives with her parents and brothers in Burundi. His parents are small farmers. The community's only water supply point was in poor condition and many children suffered from diseases related to non-drinkable water. Anitha had to fetch water from the spring located 1km from her home every day. But since FH rehabilitated the water point, things have changed!

I finally have time to play and study!

Celebrate Christmas with us!

Provide access to water!

Offer abundant harvests!

Burundi, Uganda

Water is a critical resource in the countries we support, access to water is sometimes very difficult and distant and it is children who take care of this daily task and travel miles carrying heavy cans. Our projects aim to build water pipes and fountains to bring water closer to communities.

help us to relieve them of this burden!

With CHF 20.- you help to build 3 meters of water pipe.

With CHF 75.- you offer a water tap point.

Rwanda, Burundi, DRC, Uganda

Thanks to agro-ecological technics and training, farmers regain hope for a better future, and above all, they regain confidence in their ability to feed their families and make a living from their crops.

Help us train and equip farmers!

With CHF 25.- you offer a farmer vegetables seeds.

With CHF 30.- you offer tools (watering cans / shovels, wheelbarrows).

With CHF 50.- you offer a farmer training in agro-ecological practices.

Provide quality education!

Offer animals!

Rwanda Burundi Uganda

Children are the most vulnerable to poverty and we believe that education is the answer. By helping children to be well equipped in friendly facilities, you allow them to focus only on good grades!

Help us to give them a good start in life!

With CHF 15.- you offer a school uniform to a child.

With CHF 30.- you offer school equipment to a child.

With CHF 40.- you offer a school desk.

With CHF 75.- you offer to build latrines.

Rwanda Burundi DRC Uganda

By giving an animal to a farmer, you allow him/her to start a small breeding operation. He will be able to diversify his diet and produce manure to increase his production.

Help us by giving them the decisive boost!

With CHF 10.- you offer some chickens.

With CHF 20.- you offer some rabbits.

With CHF 40.- you offer one goat.

With CHF 85.- you offer one pig.
